**Comprehensive & De-risked POSH Compliance by
POSH360**

A Proven Framework for Forward-Thinking Leaders

■■ One Allegation Away From Crisis

Non-compliance isn't a policy gap—it's a legal minefield. Are you prepared for the fallout?

■ Immediate Financial Exposure

■ 50,000+ fines for first offense. Repeat violations?
Penalties multiply exponentially.
Average cost to defend a single claim: ■ 5-10 lakhs+

■■ License Cancellation & Shutdown Risk

One regulatory audit can lead to business license cancellation, registration revocation, and operational shutdown.
Your customers won't wait—your contracts may be void.

■ Personal Criminal Liability for Directors

You're personally liable. Prison time is possible.
Directors can be prosecuted under IPC.
Insurance won't cover willful non-compliance.

■ Irreparable Reputational Collapse

A single allegation goes viral. Investors pull funding. Clients terminate contracts. Top talent flees.
Recovery from a POSH scandal: 18-24 months minimum. Some never recover.
